KEENCUT

Picture Framing Masterclass

As your Keencut mount cutter stockist, we are delighted to introduce you to the Keencut Picture Framing Masterclass. Whether you are a first-time picture framer or more experienced, the Masterclass series has episodes designed for you.

Award-winning framer, David Wilkie GCF will teach you picture framing techniques through clear, detailed video demonstrations. David explains basic skills such as how to square board, up to more technically difficult techniques like creating double mounts with offset corners. Each of the 18 episodes is clearly described so that you can select the skill you wish to learn.
