

## Test cutting service

Simply fill in this form and send with two or three samples of your material to:

Test cutting service  
C/O Keencut  
Baird Road  
Willowbrook Industrial Estate  
Corby  
NN17 5ZA  
United Kingdom

An email will be sent confirming the arrival of your samples.

Your name	
Company name	
Email address and telephone number	
Brand name and manufacturer of your material	
What is the material being cut to produce (please be as specific as possible)	
Does the cut need to have precision accuracy?	
What is the longest length you need to cut?	
How do you currently cut this material (e.g., a hand knife and ruler)?	
How often will you be cutting this material (daily, weekly, monthly?)	
Please list any additional materials you may need to cut	
Please add any additional information you think may be important	

We would like to share the results of this test on our website so other users can learn from it. If you would prefer the results to not be published (e.g., you are sending a proprietary material) then please tick the box
